

Roadmap

With the Mainnet successfully launched and the development of dApps in progress, we are now ready for a large scale consumer adoption.

 Q1 2017 <ul style="list-style-type: none">• Technical primer Study existing	 Q2 2017 <ul style="list-style-type: none">• Create the concept of hybrid consensus mechanism• Test and implement adopted concepts• Test nodes	 Q3 2017 <ul style="list-style-type: none">• Packaging for data exchanging• Node implementation• Run tests• Synapse Protocol conception
 Q4 2017 <ul style="list-style-type: none">• Deploy Blockchain test network• Run tests for remittances, consensus, wallets• Simulate network attacks	 Q1 2018 <ul style="list-style-type: none">• Launch Neroun Coin on Mainnet• Design of the protocol	 Q2 2018 <ul style="list-style-type: none">• Parallelization of data processing• Core optimization• Run tests for remittance, clearing, routing
 Q3 2018 <ul style="list-style-type: none">• Delegate deposit and penalties mechanism design• Design Synapse Protocol architecture	 Q4 2018 <ul style="list-style-type: none">• Decentralized Processing protocol architecture	 Q1 2019 <ul style="list-style-type: none">• Delegate deposit and penalties mechanism testing• Neuron Wallet Design
 Q2 2019 <ul style="list-style-type: none">• Launch NeuronEx 2.0• Conceptualize Neuron Wallet• Design dPay Protocol architecture	 Q3 2019 <ul style="list-style-type: none">• Synapse Protocol Testing• Developer Tools• Decentralized Processing Protocol Testing	 Q4 2019 <ul style="list-style-type: none">• API to payment processors API documentation• NeuronEx Wallet launch

Q1 2020

- Synapse Protocol launch
- Decentralized Processing Protocol launch
- dPay Protocol testing

Q2 2020

- Obtaining EMI license
- Launch world's first decentralized P2P retail bank account
- Build global customer base based on community drive & usage data

Q3 2020

- dPay Protocol launch
- Test launch world's first decentralized P2P virtual card

Q4 2020

- Implementation quantum security technology
- Launch Neuron dCard, the world's first decentralized P2P plastic card
- Strategic partnerships with PSPs and other integration partners
